

LIPPERT TRAILER AXLE IDENTIFICATION

1. The label will always be located on the back of the axle, on the road side.
2. Gold dichromate u-bolts and tie plates. This will be similar to a few models from a competitor.
3. All LCI Axle Component parts (hub/drum and the brake) will be stamped with the Axletek logo, which only supplies us.
4. LCI powder coat's our axles. At this time LCI is the only axle manufacturer powder coating. Powder coating gives a finer, smoother exterior surface.

Trailer Axle information can be obtained by calling 866-524-7821 or going online at www.lci1.com.
