Innovative New Products for Recreational Vehicles

Optional side latch

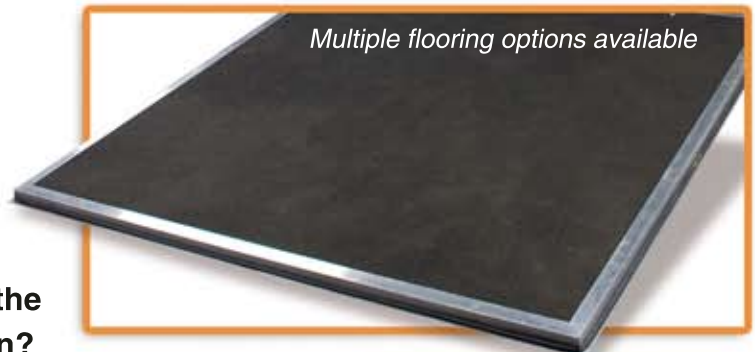

*Shown with
power assist door option*

Ramp Door

LCI has once again set the standard. Why is the Lippert ramp door better than the competition?

- **Innovation** - side latch mechanism (optional)
- **Seal** - each door we build features designed in camber to ensure a tight seal every time
- **Weight** - 20% lighter than the competition
- **Capacity** - 3000 lb. loading capacity
- **Ease of Install** - slotted hinge design improves installation repeatability
- **Options** - multiple flooring materials, extrusion finishes and latching mechanisms available

Multiple flooring options available

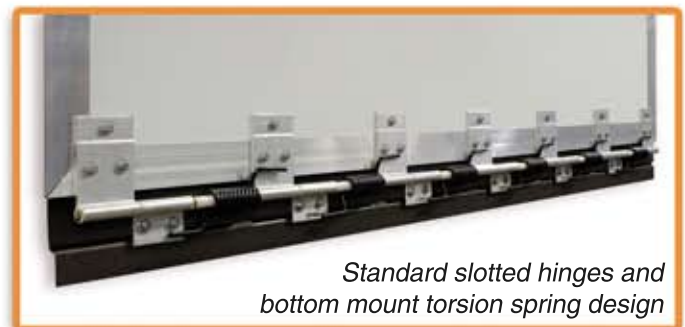

LCI ramp doors utilize a vacuum bonded construction that allows for a lighter weight, stronger door
